

2016 Spring English Courses

(2 units of credit)

講義のねらい

英語圏の大学で教育を受けるのに十分な英語力を身に付けることを目標とし、英語による口頭表現能力の向上のための訓練を、短期集中で行います。この授業は「英語口頭表現演習 G II」という科目です。国際コミュニケーション選択の科目で、2単位を取得できます。

<英語口頭表現演習 G II 1> 申告番号: 2932

Dates and Times: February 15- 19 (Mon-Fri) 9:00-14:50

Instructor: Helen Lewis

Classroom: Language Lab 3 (W3 Bldg. 8F)

Course Title: How can technology and science be used to eradicate poverty?

Course Description: The first two periods of each day will focus on a couple of TED talks on a theme, then explore a subtopic in groups.

The final class of the day will be a short presentation.

Textbook: Students will be expected to bring a laptop or PC to class.

Evaluation: Five presentations will each account for 20% of the final grade.

Syllabus:

Day 1. How technology is changing us: the brain, human learning and interaction, social systems

Day 2. Technology and communication for development

Day 3. Technology and health: sanitation, water, immunisation, tackling malaria

Day 4. Technology and cities: architecture, smart buildings, culture

Day 5. Technology and society: what systems and safeguards are needed now?
